

PS640 Datasheet

- 640mA
- 30V DC \pm %2
- Power supply and overload detection
- Continuous short-circuit protection

Technical Specifications

Output Operating Voltage	Bus voltage
Supplying Voltage	195...265V AC
Supplying Frequency	50...60 Hz
Stand-by Power	<0.8W
Rail Width	3 Module
Installation Type	DIN Rail / Wall Mount
Type of Connection	Wago
Output	1 line with integrated throttle drive
Nominal Voltage	30V DC, \pm %2, SELV
Max continuous current	640mA
Operating Temperature	-5°C...+45°C
Protection Class	EN 60 730-1
Protection Type	IP 20
Dimensions	52.5 x 86 x 59 mm
